

Linking value and convenience BlueConnect Dental

Start saving more on all your dental needs

If you're going without any kind of dental coverage or discount program, you're taking chances with your dental health *and* your finances. Regular dental care is an important part of preventive health but even services like annual dental cleanings can really add up. An adult teeth cleaning may cost more than \$90!¹ And if you need two surface fillings on top of that cost, you could be paying more than \$200¹ for just one visit.

That's why having access to significant savings through the BlueConnect Dental discount program is so important for individuals without comprehensive dental coverage. For less than \$10 per month for an individual, you can save an average of 20-50% off certain dental procedures like fillings, root canals and routine cleanings. BlueConnect Dental also offers savings on x-rays, crowns and oral surgery. And unlike many dental insurance plans, you can even save on cosmetic dentistry through this discount program.

Treatment Procedures	Potential Cost ¹	Your Cost
Oral Examination	\$86	\$45
Full Mouth X-Ray	\$133	\$80
Adult Cleaning	\$92	\$56
2-Surface Filling	\$196	\$95
Surgical Extraction	\$430	\$295
Total	\$937	\$571

Your Potential Savings in This Example = \$366 (39%)

Access to competitive fees through DenteMax network dentists in Arizona.

How does BlueConnect Dental offer this value at such a low price? The dentists in the network have agreed to provide services at a reduced cost that offers competitive savings. Just by being a program participant, you're paying less for your dental procedures when visiting an in-network dentist. Additionally, there are no claims and no waiting periods.

That's because the BlueConnect Dental discount program is not an insurance plan. It's only available to Arizona residents and discounts are only available through the DenteMax network of Arizona dentists.
